The Fall 2015 Engineering Career Fair will take place at Hilton Coliseum and the Scheman Building from noon-6:00 PM on Tuesday, Sept. 29. This is a great opportunity for students to explore career options and employment opportunities. A list of employers planning to attend the fair can be found here.

Pre-registration for the fair is now open. Come to the Hoover Hall atrium from 9:00 AM-1:00 PM Monday-Friday until Sept. 23 to register and get your name badge. After the 23rd, you will have to register and get your name badge upon arriving at the fair.

Engineering Career Services has a page of career fair advice so students can come to the fair prepared to talk with prospective employers. Some items to consider prior to the fair include:

- Review and revise your resume. Make sure it is presenting your qualifications well and have plenty of copies to give to prospective employers.
- Research the companies using CyHire and other resources.
- Polish your “Elevator Speech,” the short speech given when you introduce yourself to a prospective employer. Make clear the type of position you are seeking and present your qualifications.
- Print out booth locations and maps so you know where the companies you plan to meet with are located in the venue.

SAVE THE DATE:
MSE Fall Rally - Friday, Oct. 2
4:00-6:00 PM,
Hoover Lobby & North Lawn!

This is a DATE CHANGE. More info to come next week on when and where to pick up your t-shirt!
