

21st Century Engineers Think Globally

January 30, 2013

The MSE summer program in London involves a six-week stay on the campus of Brunel University, located in Uxbridge, west London. Although designed specifically for MSE students, the program is open to all engineering majors.

MSE Highlights

- Congratulations to Alex King and all who contributed to the effort to get the [Critical Materials Institute](#) headquartered at Ames Laboratory!
- Dr. Rohit Trivedi has retired after 47 years of service at ISU and Ames Lab. If you have any memories or photos of Dr. Trivedi's time in MSE or Ames Lab, please email them to [Melissa Skinner](#) by Feb. 11, 2013 and they will be shared with him at a retirement reception in his honor.
